

Algerian Stuffed Dates

- 24 Medjool dates (about 1 pound)
- 2 drops green food coloring (optional)
- 2/3 cup marzipan (almond paste)
- 2 teaspoons powdered sugar

Cut a lengthwise slit down the center, but not through, each date; remove seeds.

Sprinkle food coloring over marzipan, if desired; gently knead 4 to 5 times or until color is incorporated into marzipan. Divide marzipan mixture evenly among dates; stuff into slits. Sprinkle with powdered sugar.

Yields 24 dates.
