

A Very Berry Strawberry Bunt Cake

CAKE:

1 packaged white cake mix
1 cup vegetable oil
1 package strawberry jell-o
4 eggs
8-10 ounces of frozen strawberries with juice

ICING:

7-10 large strawberries
4 Tablespoons sugar (to taste)
 $\frac{3}{4}$ cup water (Can use more if you feel it is too thick)

Preheat oven to 350°. Grease and flour a bunt pan.

Mix cake mix, oil, eggs and jell-o until smooth. Add strawberries and stir in. Pour into pan. Bake at 350° until done – about 40 minutes or until toothpick comes out clean.

For the icing, put about 7-10 strawberries in blender and add sugar. Add water. Blend until in liquid form.

With a fork, poke holes in cake and pour icing over cake.
