

Coconut Macaroons

14 oz flaked coconut

1/4 tsp. salt

2 1/2 tsp. vanilla

4 Tbs. margarine or butter

1 cup flour

14 oz. can sweetened condensed milk

1 c semi sweet chocolate chips

Mix coconut, flour and salt in large bowl. Add sweetened condensed milk and vanilla. On well-greased cookie sheet, drop dough by spoonfuls, shaping into a round cookie. Bake at 375 degrees for 12-13 minutes, until a few flakes of coconut look toasted. Remove and cool. Melt chocolate chips and margarine in microwave for 1-2 minutes. Stir until smooth. Dip half of each cookie into chocolate, covering top and bottom.

Macaroons should be half-white and half-chocolate. Place cookies on cookie sheet covered with plastic wrap. Store in refrigerator to keep chocolate firm.
