

Firecracker Broccoli

1 tablespoon sesame oil (or vegetable oil if you don't have sesame oil on hand)
2 cups broccoli florets
1/4 cup vegetable stock
1 dash salt (optional)
1 tablespoon sweet and hot garlic sauce

Heat the sesame oil on medium-high in a skillet for about a minute, or just until it starts to smoke.

Add the broccoli and cook until it's shiny and bright green, stirring frequently (about 1 minute).

Add the veggie stock and salt and cover.

Turn to medium and cook about two minutes; the broccoli should be slightly tender but still crunchy.

Toss with Sweet and Hot Garlic Sauce and remove from heat.

Serve hot, warm, at room temp, cold -- Enjoy!
